barcode scanner supplier philippines, 2d barcode scanner module (OCBS-T201)

Keywords:

2D barcode scanner,
barcode scanner destop,
handsfree 2d barcode scanner.

Features:

Can read the image acquisition and decoding
Omni-directional scanning,easy to scan
Desktop flatbed & Concise design
With steady stand & reliable scanner module
High speed image acquisition and decoding

Specification:

Performance parameters	
Light source	White LED
Buzzer	Seven tones or silent
Lamp	White
System interface	KBW, RS232,USB
Physical parameters	
Volume(Lx W x H)	Product size 78 mm x 75 mm x 141mm (3.2″ x 3.3″ x 5.9″),
Weight	Product size180 g (12 oz)
Electrical parameters	
Input voltage	5.5 VDC ± 0.25 V
Work power	2.0 W (430 mA @ 5 V)
Standby power	0.5 W (100 mA @ 5 V)
Environmental parameter	
Operating temperature	0° C - 40° C
Storage Temperature	-40°C -60°C
Humidity	0% to 95% relative humidity (no condensation)
Antiknock characteristic	Withstand 1.5 meters high drop from concrete floor.
Dust-proof	Seal to prevent air dust particle erosion.
Scanning parameters	
Scanning mode	Omni directional (640X480)
Highest Reflectivity	Max 20% reflectivity can be read
Scanning Angle	70°, 75°
