Unique 80mm High Speed
POS Thermal Printer
OCP-88A

Product Picture

Features:

Reliable with good price

Unique appearance with reliable mould

High Printing Speed up to 300mm/second;
Auto Cutter Optional;
Cord and cordless communication for options

Reliable printer head with 100km life;
Compatible with EPSON ESC/POS
commands.

Sound and light alarm supported
suitable for kitchen application;

Support multi international languages;
SDK for Android available;

Multiple interfaces available:
USB, USB+Serial, USB+LAN,
USB+Serial+LAN; and Wifi+USB,
Bluetooth+USB+LAN

Power plug for option:

How to use?

Connecting the printer:

- ▶ The power adapter cable connect to the printer power interface
- ▶ The interface cable connect on the printer port behind
- ▶ The cash drawer connecting cable connect to the printer's behind the cash drawer interface

Installation of paper roll:

- A** Open the printer cover.
- B** Install the roller in the roll paper, and put them into the printer.
- C** Pull out some paper outside the printer and then close the printer cover.
- D** Close the top cover. Press the printer cover to avoid error position of roll paper.
- E** Tear-off the paper correctly.

Setting the Printing Mode(DIP switches):

The DIP switches are used to set the printer to perform various functions, such as cutter mode, character set, speed, beeper, print density and etc.
