

MSR2600 software free magnetic stripe card chip card reader writer msr

(M/N:MSR2600)

Feature:

Can Read and write magnetic stripe cards;

Can read and write IC smart chip cards;

The head life is up to 500,000 times;

The IC card slot life is up to 200,000 times.

Specification	
Voltage:	+9V/DC±10% or +5V/DC±10%
Current □	≤300mA
Sweep speed□	10 ~ 100cm/s
Head life□	500,000 times
IC card slot life□Main□□	200,000 times
IC card slot life□Sub□□	100,000 times
SAM card slot life□	5,000 times
Encoding density□	Track2:75BPI / 210BPI at optional Track3:210BPI
Encoding characters:	210BPI Max length: 104 75BPI Max length 37
Environmental Requirement:	Temp. 0°C□45°C, Humidity 10□90□RH
Dimension□L*W*H, mm□□	215*64*65
Weight□	Equipped IC card module□ 700g, Without IC card module □ 650g

Appearance:

A□MSR slot B□Main IC card slot C□Sub IC card slot

MSR2600
