

A4 Size Portable Thermal Printer

(Model: OCTP-A41)

Features:

300dpi high resolution printing;

100km print head life;

Supports USB and Bluetooth functions by default;

Optional battery for "real" portability;

Supports AI intelligent erasure of handwriting;

With a screen can display more status information;

Free printing software enables directly print documents in PDF, word, txt, format.

Specification

Item	A4 Size Portable Thermal Printer	
Model	OCTP-A41	OCTP-A41B
Main differences	Without Battery	With Battery
Interfaces	USB + Bluetooth	
Print Method	Direct Line Thermal	
Pirnt Speed	70mm/sec	50mm/sec
Pirnt Resolution	300DPI	
TPH Life	100KM	
Black mark detection	YES	
Paper detection	YES	
Status indication TFT display	Communication mode, Printing, Out of paper, Printer setting, Net status, Select paper type	
Alarm function	Paper out detection	Paper out detection, Low battery detection
Printer Driver	Win2003 / WinXP / Win7 / WIN8 / WIN10 / WIN11; Support IOS / Android	
Paper		
Thermal Paper Types	Thermal paper (with tailor line)	
Print Width	210mm (roll paper)	
Paper Thickness	78+5um	
Paper Cut	By Hand	
Electrical		
Power Supply	DC 24V/1.5A	/
Rechargeable Li-battery	/	2600 mAh
Physical		
Printer Dimension	287*126*89mm	
Unit Weight	1.45kgs □with accessories)	1.36kgs □with accessories)
Pieces Per CTN	8 Pieces	
Printer Color	White	
CTN Dimension	39*34*44cm	34*34*44cm
Gross Weight	12.4kg	11.7kg
Environmental		
Operating Temperature	0 ~45 degrees celsius (no condensation allowed)	
Working Humidity	10% ~ 80% RH (no condensation allowed)	
Storage Temperature	-20 ~ 60 degrees celsius (no condensation allowed)	
Storage Humidity	5% ~ 95% RH (no condensation allowed)	
Mechanical Noise	less than 60dB (A weighted RMS)	
Accessories		
Type-C USB	1 Piece	
Power	1 Piece	/
Manual	1 Piece
