

# Barcode Printing Scale

(Model No.: TM-AA-5D)

## Feature:

- n Can store max 16 label formats, each PLU can quote different label format in the 16 formats library;
- n Label format can be freely designed;
- n Label printing and continuing paper printing allowed;
- n Powerful management software, high speed uploading or downloading;
- n Support various format of backup, text files transfer make it possible to work with other scales or software;
- n Friendly interface of the management software lead to logical and reasonable operation;
- n Manually and automatically printing inventory and report forms;
- n All function can be set either from PC or on the scale;

## Specification:

|                                  |  |        |        |        |
|----------------------------------|--|--------|--------|--------|
| Storage capacity:                | max. 4000 PLU  |        |        |        |
| Various properties of PLU:       | Max 3 lines of article name; max 3 lines of advertising information, POS code, unit price; max 4 discount period and discount rate, etc. |        |        |        |
| No. of shortcut keys:            | 71   |        |        |        |
| Advertising information storage: | can store max 22 pieces advertising information  |        |        |        |
| Free text:                       | can store 32 pieces free text  |        |        |        |
| Resolution:                      | 3000   |        |        |        |
| Temperature:                     | storage -10~+55°C; working 0~+40°C   |        |        |        |
| Humidity:                        | ≤85%RH   |        |        |        |
| Power supply:                    | AC 220V, 50 HZ   |        |        |        |
| Display mode:                    | bright red LED   |        |        |        |
| Digits:                          | weight 5 digits, unit price 5 digits, total prices 7 digits  |        |        |        |
| Printing width:                  | 30mm-60mm  |        |        |        |
| Printing speed:                  | 75mm/s   |        |        |        |
| Port:                            | RS232 (standard), Ethernet (option), Cash Drawer (Option)  |        |        |        |
| Dimension                        | 381*428*500mm  |        |        |        |
| Parameters                       |  |        |        |        |
| Maximum weighing                 | 3kg  | 6kg    | 15kg   | 30kg   |
| Scale intervals                  | 1g   | 2g     | 5g     | 10g    |
| Precision                        | 1/3000   | 1/3000 | 1/3000 | 1/3000 |
| Minimum Weighting                | 20g  | 40g    | 100g   | 200g   |
