

Barcode Printing Scale

(Model No.: TM-B)

FEATURE:

- n Label format can be freely designed.
- n Label printing and continuing paper printing allowed.
- n Powerful management software, high speed uploading or downloading.
- n Support various format of backup, text files transfer make it possible to work with other scales or software.
- n Friendly interface of the management software lead to logical and reasonable operation.
- n Manually and automatically printing inventory and report forms.

SPECIFICATION:

Storage capacity:	max. 2000 PLU		
No. of shortcut keys:	75keys(50x2=100 PLU shortcut keys,25 control/function keys)		
Advertising information storage:	can store max 22 pieces advertising information		
Free text:	can store 32 pieces free text		
Temperature:	storage -10~+55°C; working 0~+40°C		
Humidity:	≤85%RH		
Power supply:	AC 220V, 50 Hz □110V for option□		
Display mode:	bright Green LED, black digital		
Digits:	weight 5 digits, unit price 5 digits, total prices 7 digits		
Printing width:	30mm-60mm		
Printing speed:	75mm/s		
Port:	RS232 ,Ethernet		
Dimension	381*428*500mm		
Parameters			
Maximum weighing	6kg	15kg	30kg
Scale intervals	2g	5g	10g
Precision	1/3000	1/3000	1/3000
