Barcode Printing Scale

(Model No.: TM-B)

FEATURE:

- \ensuremath{n} Label format can be freely designed.
- $\, n \,$ Label printing and continuing paper printing allowed.
- n Powerful management software, high speed uploading or downloading.
- n Support various format of backup, text files transfer make it possible to work with other scales or software.
- n Friendly interface of the management software lead to logical and reasonable operation.
- n Manually and automatically printing inventory and report forms.

SPECIFICATION:

Storage capacity:	ge capacity: max. 2000 PLU		
No. of shortcut keys:		75keys(50x2=100 PLU shortcut keys,25 control/function keys)	
Advertising information storage:		can store max 22 pieces advertising information	
Free text:		can store 32 pieces free text	
Temperature:		storage -10~+55°C; working 0~+40°C	
Humidity:		≤85%RH	
Power supply:		AC 220V, 50 Hz [110V for option]	
Display mode:		bright Green LED, black digital	
Digits:			ces 7 digits
Printing width:		30mm-60mm	
Printing speed:		75mm/s	
Port:		RS232 ,Ethernet 381*428*500mm	
Dimension			
Parameters			
Maximum weighing	6kg	15kg	30
Scale intervals	2g	5g	10
Precision	1/3000	1/3000	1/3
